

## **Housing and Homelessness Workgroup**

**Update: April 16, 2024**

Since the February Council on Housing Stability meeting, the Housing and Homelessness Workgroup has collaborated to identify the data required to track our progress against the metrics initially established with the Strategic Plan (enclosed).

We identified that the 2023 HUD Competition Reports for each of the CoCs align with many of the metrics and worked with CoC leadership to obtain this information. This work highlights continued support and growth opportunities as we develop our next strategic plan.

If you have any questions or insight, please contact the workgroup co-chair, Melissa Hatfield, at the email address linked below.

Thank you,
